Areas of Practice

Individual Counseling

Individual Counseling focuses on helping an individual to grow through challenges such as adjustment, anxiety, depression and other problems that are relatively common experiences in life.

Premarital Counseling and Education

Premarital counseling and education are intended to help you enter marriage better prepared for the changes, challenges, and celebrations of married life.

- **Premarital counseling** is intended to help you with an overview of the strengths and weaknesses of your relationship in a sensitive and respectful manner. You will learn tools and skills that will be helpful as you face the challenges and changes of the future.
- **Premarital educational seminars** are intended provide you with helpful tools and information within a group setting. In the premarital education seminar, you will gain both knowledge and skills that will be helpful as you begin your new life together.

Marriage Counseling and Education

All marriages go through highs and lows. Marriage counseling and education are intended to strengthen and rebuild hope and confidence in the marriage relationship.

- **Marriage counseling** is intended to help you build on the strengths of your relationship and to help you resolve differences and conflicts—ultimately leading to a sense of mutual forgiveness and hope.
- **Marriage education** is conducted in a seminar format that is structured to provide helpful information within the context of an informal group setting.

Career Development and Organizational Consulting

- **Career development counseling** is the process of identifying characteristics of personality, interest, and values and associating those characteristics with career development possibilities. Career development services may be helpful to either an individual or to an organization interested in exploring human resource opportunities.
- **Organizational Consulting** involves the diagnosis of corporate functioning from an organizational development perspective and applying the principles of psychology to the problems of business.
